A

t MEYER MUSIC, we take great care to assemble exceptional packages for rental instruments. We have done extensive research, consulting with area band and orchestra teachers, to provide the absolute best student-line instruments and exactly the right accessories to start your child on the journey to success.

Most parents are now aware that each school district provides a recommendation list for every music student detailing the quality of instruments and accessories. It is a top priority at Meyer Music to meet or exceed these specifications.

Meyer Music provides the largest variety of instruments available for school music programs. Rent-to-Learn is offered on all major band and string instruments. Our instruments are set up on a month-to-month, Rent-to-Learn program with no monthly minimums.

TRADITION. QUALITY. VALUE.

Music is a family affair at Meyer Music, which opened its doors in March 1966. Ted and Betty Meyer were both educators in Kansas City schools and started their children's music studies at a very young age.

The Meyers pride themselves on their family-oriented, down to earth approach to customer service and having a family member at each location to answer any questions. Along with carrying a full line of instruments and musical accessories, they offer more private music lessons than any other store in Kansas City. Attention to detail, customer service, and superior quality products make Meyer Music the best choice for your family.
